

Wacky Wolf Wafflewich

From Kaboose.com

Wolves are highly social animals and live in packs that range from 2 to 36 members, but averages around 5 to 9. Within the pack there is always an alpha pair and their offspring and other adults. The pack travels, hunts, feeds and rests together. Increase the number of wafflewiches you make and share them with your pack!

Ingredients:

- 2 waffles - frozen or homemade
- 1 tbsp. peanut butter
- 1 tbsp. jam or jelly
- ½ banana, sliced

Directions:

1. Prepare waffles as you normally would.
2. Spread peanut butter on one waffle and jelly or jam on the other.
3. Arrange sliced banana over one side and sandwich the two waffles together. Squish so that they stick.
4. Cut into quarters and serve.
